

BRIGHTSIGN Media Player

DSA Signage digital displays can be paired with BrightSign media players to deliver a smooth signage experience.

These are commercial-grade players, delivering signature reliability and affordability in an extremely compact form.

This guide is intended to help you chose the ideal media player option that best matches your needs.

- LS** **BrightSign LS'** fully featured commercial-grade player provides a far superior alternative to the consumer devices sometimes chosen for price-sensitive installations. Based on the award-winning BrightSign HD platform, BrightSign LS delivers our signature reliability and affordability. <http://www.brightsignnetwork.com/download/Marketing/Literature/LS4-datasheet-05172021.pdf>
- HD** **BrightSign HD** models are ideal for mainstream 4Kp60, Full HD and HTML5 applications that require high reliability and ease of use. Robust interactive controls, live content features, Video Walls and Mosaic Mode make this set of players a perfect for a wide range of applications. <https://www.brightsignnetwork.com/download/Marketing/Literature/HD4-datasheet-05172021.pdf>
- XD** **BrightSign XD** delivers superior technology for advanced applications, including 4K video decoding supporting all the technology standards of the True 4K ecosystem. It is also capable of 4K upscaling and dual decoding two 1080p60 videos at once. <https://www.brightsignnetwork.com/download/Marketing/Literature/XD4-datasheet-05172021.pdf>
- XT** **BrightSign XT** delivers unsurpassed performance for enterprise applications with a powerful 4K video engine, the fastest HTML and graphics engine and our most powerful CPU. This state-of-the-art technology for leading-edge digital signage installations offers a hardware-accelerated HTML5 rendering engine that enables flawless playback of multiple modular HTML5 assets including Javascript, CSS animations, WebGL and even swipe/gesture interactivity. It is the only product line offering dual 4K video decoding, 4K full resolution graphics, PoE+ as well as HDMI In for Live TV playback. <https://www.brightsignnetwork.com/download/Marketing/Literature/XT4-datasheet-05172021-web.pdf>
