

PIVOTING ARM CLEARANCE BAR

Drive Thru Accessory

Our Clearance Bars are designed to protect your equipment and your customers by preventing oversized vehicles from taking your drive thru.

If struck, they will automatically pivot and revert back to their original position.

Double lane drive thru? You can use a Double Clearance Bar in your center curb to protect both lanes!

Did you know?

DSA products are made of aluminum extrusions

Unlike assembled & bent sheet metal, **aluminum does not age:**

- » reinforced aluminum profile
- » more resistant to bending or denting
- » no visible welds or hardware, no rust
- » recyclable & sustainable,

aluminum does not fail:

- » non-sparking, noncombustible
- » seamless, precise angles & corners
- » resists corrosion
- » lightweight, easy to install.
