

DIRECTIONAL SIGN

Drive Thru Accessory

Our Directional Sign improves your overall guest experience by guiding them safely across your parking lot.

It can be used at the entrance and at the exit of your drive-thru.

You can customize the graphics with your brand identity, to stand out from the crowd and make your drive-thru unique, while providing your guests with useful, wayfinding information.

CUSTOMIZE IT!

Did you know?

DSA products are made of aluminum extrusions

Unlike assembled & bent sheet metal, **aluminum does not age:**

- » reinforced aluminum profile
- » more resistant to bending or denting
- » no visible welds or hardware, no rust
- » recyclable & sustainable,

aluminum does not fail:

- » non-sparking, noncombustible
- » seamless, precise angles & corners
- » resists corrosion
- » lightweight, easy to install.
