

INDOOR MENU BOARD

Static or Digital content

Our Indoor Menu Boards are durable, sharp looking displays used to introduce your menu to your guests and facilitate their selection as they get to your order point. Their brightness makes your menu content pop and capture your guests' attention.

We offer various menu board options so you can customize your order point by combining different sizes and orientations.

Whether you need a static or digital menu board, we make it easy and quick for you to edit your menu at any time.

STATIC MENU BOARD

Menu Display	LED Backlit Light box
Graphic Dimensions	Made-to-order Smallest dimension: 8" x 8" Largest dimension: 72" x 120"
Enclosure	Durable, aluminum snap frame for easy graphic change-outs

DIGITAL MENU BOARD

Monitor	Commercial Grade, Indoor rated Monitor
Size	From 33" to 75"
Orientation	Portrait (vertical) or Landscape (horizontal)

Menu Creation & Print

We have in-house graphic experts that can help at any stage of your menu design.
